MEDICAL BILL CLINIC

Don't ever pay the full billed charges for hospital care or providers! Less than 5% of the patient population pays full billed charges. Why should you be among them? Why should you pay three times more than the reasonable value?

At Synergy's Medical Bill Clinic, we are committed to ensuring that patients / payers don't pay more than the reasonable value of care.

## Synergy's Medical Bill Clinic

Synergy's Medical Bill Clinic (MBC) is committed to ensuring that patients / payers don't pay more than the reasonable amount simply because they cannot interpret their bills and defend their well settled legal rights. Our services are often available on a percentage of savings basis, with NO retainer, NO hourly fees and NO fee at all unless we obtain a satisfactory reduction. Medical billing policies, issues, and laws are complicated. Using Synergy to negotiate your bills or liens results in deeper discounts because our provider relationships, reputation and experience negotiating these issues across the country.

## Don't Ever Pay The Full Billed Charges For Hospital Care Again.

Medical billing policies and issues are complicated, often making negotiation of a reasonable bill difficult or impossible without the help of medical and legal professionals familiar with billing, coding, and the laws relevant to both. Providers often demand several hundred percent more than patients / payers are legally obligated to pay, but accept a reasonable amount as payment in full from more than 90% of their patient population. Be among that majority, call us for help resolving your medical bill. At MBC, we are committed to ensuring that patients / payers don't pay more than the reasonable amount simply because they cannot interpret their bills and defend their well-settled legal rights.

## Our Services

MBC will locate non-compensable errors, double-charges and other overcharges hidden in your confusing, coded medical bill. MBC will request and analyze the documents necessary to successfully negotiate your bill. No one pays full billed charges and you shouldn't either. Call us today and we'll fight for your right to a reasonable medical bill. The providers have collection lawyers working against you. It's time to level the playing field.

## There are three primary ways for Synergy's Medical Bill Clinic to Assist

### HOSPITAL LIEN RESOLUTION

Using unique analysis techniques regarding reasonableness of charges and a team medical doctors, nurses, hospital coders and auditors, Synergy can drastically reduce the amount of a hospital lien. Services are provided on a percentage of savings basis with the client never owing a fee unless there is a reduction.

### REASONABLE VALUE REPORT

We offer an opinion letter/report on the reasonable value of hospital care on any hospital bill. In addition, providers and ambulatory surgical center bills can be analyzed as well. Simply submit a copy of the itemized bill to us and allow three to five business days for review, preparation and delivery of your Reasonableness Report/Opinion Letter. Reports are done on a flat fee or percentage of savings basis, at the option of the client.

### LITIGATION SUPPORT

Using our template documents, you can litigate the reasonableness of any medical bill by using these templates. Templates are provided on a flat fee basis.

### DEEPER DISCOUNTS THROUGH A DEPTH OF KNOWLEDGE AND EXPERIENCE.

Synergy has negotiated countless medical bills across the country and has deep experience regarding reasonableness of medical charges. MBC also accesses a team of medical professionals including medical doctors, nurses, hospital coders and forensic auditors who provide the data and forensic analysis needed to calculate the reasonable value of medical care. By utilizing this team of professionals, and tapping our experience, we will negotiate with providers until a reasonable release is agreed upon.
